

Dear Valued Customer,

We trust you are keeping well considering the recent and rampant rise of COVID-19 (corona virus), its impact around the world and Ghana.

COVID-19 is here to stay, and we all need to start bracing ourselves for the resumption of the economy while we work under strict safety protocols. The toil ahead is much and I crave your indulgence for us to sit up and even do more for ourselves and society.

One mode of transmission of the virus is through the transfer of infected cash which one cannot see. We therefore encourage all and sundry to get involved with the new normal and go cashless. Thus, paying for goods and services in the general market with **VTOMPAY**, your swift, safe and convenient cashless payment platform beyond our time.

For enquiries, do not hesitate to reach our dedicated team on the following numbers;

Customer Service: +233 (0) 302 908 300
